Persons in Authority and Maltreatment

10. When they are a Person in Authority, Individuals are responsible for knowing what constitutes Maltreatment. The categories of Maltreatment are not mutually exclusive, nor are the examples provided in each category an exhaustive list. Abuse, assault, Harassment, bullying, and hazing can be experienced in more than one category of Maltreatment.
11. Maltreatment can be any of the prohibited behaviours and conduct, provided the Maltreatment occurs in any one or a combination of the following situations (The physical location(s) where the alleged Maltreatment occurred is not determinative):

 - When the Individuals involved interacted due to their mutual involvement in sport; or
 - Outside of the sport environment where the Maltreatment has a serious and detrimental impact on another Individual.

Appendix A – Definitions from the UCCMS

The following definitions of terms are from version 5.1 of the UCCMS and have been adapted by the Organization:

- 1) **Consent** – Consent is defined in Canada's Criminal Code as the voluntary agreement to engage in the sexual activity in question. The law focuses on what the person was actually thinking and feeling at the time of the sexual activity. Sexual touching is only lawful if the person affirmatively communicated their consent, whether through words or conduct. Silence or passivity does not equal consent. Sexual activity is only legal when both parties consent. The Criminal Code also says there is no consent when: Someone says or does something that shows they are not consenting to an activity; Someone says or does something to show they are not agreeing to continue an activity that has already started; Someone is incapable of consenting to the activity, because, for example, they are unconscious; The consent is a result of a someone abusing a position of trust, power or authority or someone consents on someone else's behalf. A person cannot say they mistakenly believed a person was consenting if: that belief is based on their own intoxication; they were reckless about whether the person was consenting; they chose to ignore things that would tell them there was a lack of consent; or they didn't take proper steps to check if there was consent. Sexual activity with a Minor is a criminal offence as is sexual activity with a person under the age of 18 years when the other person is in a position of trust or authority
- 2) **Disclosure** - The sharing of information by a Individual regarding an incident or a pattern of Maltreatment experienced by that Individual. Disclosure does not constitute a formal report that initiates a process of investigation to address the Maltreatment
- 3) **Duty to Report**
Concerns Under Child Protection Legislation: A legal duty to report is mandated by law, and the requirement varies by province depending on provincial legislation. Everyone has a duty to report child abuse and neglect under Canadian child welfare laws. Professionals who work with children and youth have an added responsibility to report. Adults are obliged to report child Maltreatment if there is knowledge or suspicion that it is occurring. This is called the "duty to report." Every person in Canada has the duty to report known or suspected child Maltreatment by law. Known or suspected abuse or Neglect of a child must be reported to: local child welfare services (e.g., children's aid

society or child and family services agency), or provincial/territorial social service ministries or departments, or local police

Concerns Outside of Child Protection Legislation: Individuals have a duty to report concerns of inappropriate conduct of other Individuals to uphold the ethical standards and values of Canadian sport. Reporting inappropriate conduct is important to ensure proper action is taken and expectations are re-established. By addressing inappropriate conduct, a collective responsibility to protect Individuals from Maltreatment is enacted.

- 4) **Grooming** – Deliberate conduct by a Individual to sexualize a relationship with a Minor that involves the gradual blurring of boundaries and normalization of inappropriate and sexually abusive behaviour. During the grooming process, the Individual will gain the trust of the Minor and protective adults and peers around the Minor often under the guise of an existing relationship. Manipulation tactics are then used to blur perceptions and gain further access to and private time with the Minor in order to abuse or exploit the Minor. Grooming can occur whether or not harm is intended or results from the behaviour. (Grooming is also a prohibited behaviour listed under the definition of Maltreatment)
- 5) **Maltreatment** – Includes Maltreatment related to:
 - a) **Psychological Maltreatment** – which includes, without limitation, verbal acts, non-assaultive physical acts and acts that deny attention or support
 - i. **Verbal Acts** - Verbally assaulting or attacking someone, including but not limited to: unwarranted personal criticisms; body shaming; derogatory comments related to one’s identity (e.g., race, gender identity or expression, ethnicity, Indigenous status, ability/disability); comments that are demeaning, humiliating, belittling, intimidating, insulting or threatening; the use of rumours or false statements about someone to diminish that person’s reputation; using confidential sport and non-sport information inappropriately. Verbal Maltreatment may also occur in online forms.
 - ii. **Non-assaultive Physical Acts (no physical contact)** - Physically aggressive behaviours, including but not limited to: throwing objects at or in the presence of others without striking another; hitting, striking or punching objects in the presence of others
 - iii. **Acts that Deny Attention or Support** - Acts of commission that deny attention, lack of support or isolation including but not limited to: ignoring psychological needs or socially isolating a person repeatedly or for an extended period of time; abandonment of an Athlete as punishment for poor performance; arbitrarily or unreasonably denying feedback, training opportunities, support or attention for extended periods of time and/or asking others to do the same
 - b) **Physical Maltreatment** – includes, without limitation, contact or non-contact behaviours that have the potential to cause physical harm

-
- i. Contact behaviours - Including but not limited to: deliberately punching, kicking, beating, biting, striking, strangling or slapping another; deliberately hitting another with objects
 - ii. Non-contact behaviours - Including but not limited to: isolating a person in a confined space; forcing a person to assume a painful stance or position for no athletic purpose (e.g., requiring an Athlete to kneel on a hard surface); the use of exercise for the purposes of punishment; withholding, recommending against, or denying adequate hydration, nutrition, medical attention or sleep; denying access to a toilet; providing alcohol to a Individual under the legal drinking age; providing illegal drugs or non-prescribed medications to a Individual; encouraging or knowingly permitting an Athlete to return to play prematurely following any injury or after a concussion and without the clearance of a medical professional; encouraging an Athlete to perform a skill for which they are known to not be developmentally ready.
 - c) **Sexual Maltreatment** – includes, without limitation, any act targeting a person’s sexuality, gender identity or expression, that is committed, threatened or attempted against a person, and includes but is not limited to the Criminal Code Offences of sexual assault, sexual exploitation, sexual interference, invitation to sexual touching, indecent exposure, voyeurism and non-consensual distribution of sexual/intimate images. Sexual Maltreatment also includes sexual harassment and stalking, cyber harassment, and cyber stalking of a sexual nature. Examples include:
 - i. Any penetration of any part of a person’s body, however slight, with any object or body part by a person upon another person, including but not limited to: vaginal penetration by a penis, object, tongue, or finger; and anal penetration by a penis, object, tongue, or finger
 - ii. Any intentional touching of a sexual nature of any part of a person’s body, however slight, with any object or body part by a person upon another person, including but not limited to:
 - 1- kissing;
 - 2- intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching of another with any of these body parts; any contact, no matter how slight, between the mouth of one person and the genitalia of another person, and making another touch themselves, the Individual, or someone else with or on any of the body parts listed in b).
 - iii. In addition to the criminal acts identified above, the UCCMS prohibits sexual relations between an Athlete above the age of majority (depending upon jurisdiction) and a Individual who holds a position of trust and authority on the basis that there can be no Consent where there is a Power Imbalance. A Power Imbalance that is presumed to exist may be challenged.
 - d) **Neglect** – or acts of omission, includes without limitation: not providing an Athlete recovery time and/or treatment for a sport injury; not being aware of and not considering an individual’s physical or intellectual disability; not considering supervision of an Athlete during travel, training or

competition; not considering the welfare of the Athlete when prescribing dieting or other weight control methods (e.g., weigh-ins, caliper tests); disregarding the use of performance-enhancing drugs by an Athlete; failure to ensure safety of equipment or environment; allowing an Athlete to disregard sport's rules, regulations, and standards, subjecting Individuals to the risk of Maltreatment.

- e) **Grooming** – is often a slow, gradual and escalating process of building trust and comfort with a young person. Grooming includes, without limitation, the process of making inappropriate behaviour seem normal and gradually engaging in ‘boundary violations’ which have been professionally-identified to Canadian standards (e.g., a degrading remark, a sexual joke, sexualized physical contact; adult Individuals sharing rooms with a Minor who is not an immediate family member; providing a massage or other purported therapeutic interventions with no specific training or expertise; private social media and text communications; sharing personal photographs; shared use of locker rooms; private meetings; private travel, and providing gifts). The Grooming process:
- i. Grooming usually begins with subtle behaviours that do not appear to be inappropriate. Many victims/survivors of sexual abuse do not recognize the grooming process as it is happening, nor do they recognize that this process of manipulation is part of the overall abuse process.
 - ii. In the grooming process, the offender begins by gaining trust of adults around the young person. The offender establishes a friendship and gains the young person's trust. Grooming then involves testing boundaries (e.g., telling sexual jokes, showing sexually explicit images, making sexual remarks). Typically, behaviour moves from non-sexual touching to “accidental” sexual touching
 - iii. The young person is often manipulated into feeling responsible for the contact, is discouraged from telling anyone else about the relationship, and is made to feel obligated to protect the offender. The offender also builds trust with those close to the young person so that the relationship with the young person is not questioned

Interference with or Manipulation of Process – it is considered maltreatment if an adult Individual directly or indirectly interferes with a process by:

- i. falsifying, distorting, or misrepresenting information, the resolution process, or an outcome;
- ii. destroying or concealing information;
- iii. attempting to discourage an individual's proper participation in or use of the processes of the Organization;
- iv. harassing or intimidating (verbally or physically) any person involved in the processes before, during, and/or following any proceedings of the Organization;
- v. publicly disclosing a Individual's identifying information, without the Individual's agreement;
- vi. failing to comply with any temporary or provisional measure or other final sanction;
- vii. distributing or otherwise publicizing materials a Individual gains access to during an investigation or hearing, except as required by law or as expressly permitted; or
- viii. influencing or attempting to influence another person to interfere with or manipulate the process

Retaliation – which means that a Individual shall not take an adverse action against any person for making a good faith Report of possible Maltreatment or for participating in any process related to alleged conduct violations. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging or participating in the processes of the Organization. Retaliation after the conclusion of investigation and sanction processes is also prohibited. Retaliation may be present even where there is a finding that no Maltreatment occurred. Retaliation does not include good-faith actions lawfully pursued in response to a Report of possible Maltreatment

Aiding and Abetting – which is any act taken with the purpose of facilitating, promoting, or encouraging the commission of Maltreatment by a Individual. Aiding and Abetting also includes, without limitation, knowingly:

- i. allowing any person who has been suspended or is otherwise ineligible to be in any way associated with sport or to coach or instruct Individuals;
- ii. providing any coaching-related advice or service to an Athlete who has been suspended or is otherwise ineligible; and
- iii. allowing any person to violate the terms of their suspension or any other sanctions imposed

Reporting – it is considered Maltreatment to fail to report Maltreatment of a Minor. A legal Duty to Report is mandated by law, and the requirement varies by province depending on provincial legislation.

i. Failure to Report Maltreatment of a Minor

The obligation to Report requires the Reporting of any conduct which, if proven true, would constitute Psychological Maltreatment, Sexual Maltreatment, Physical Maltreatment or Neglect involving a Minor Individual. The obligation to Report is an ongoing one and is not satisfied simply by making an initial Report. The obligation includes Reporting, on a timely basis, all relevant information of which an adult Individual becomes aware

The obligation to report includes making a direct Report

The obligation to Report includes personally identifying information of a potential Minor Complainant to the extent known at the time of the Report, as well as a duty to reasonably supplement the Report as to identifying information learned at a later time

Individuals should not investigate or attempt to evaluate the credibility or validity of allegations involving Psychological Maltreatment, Sexual Maltreatment, Physical Maltreatment or Neglect. Individuals making a good faith Report are not required to prove the Reports are true before Reporting

ii. Failure to Report Inappropriate Conduct

Not all inappropriate conduct may meet the threshold for constituting Maltreatment.

However, such inappropriate conduct may represent behaviour with the risk of escalating to Maltreatment. Any Individual who suspects or becomes aware of another Individual's inappropriate conduct, even if it is not defined as Maltreatment, has a Duty to Report such inappropriate conduct through the organization's internal procedures. Those in positions of trust and authority who become aware of another's inappropriate conduct have a responsibility for reporting the concern within their organization's policies and procedures.

The person making the report does not need to determine whether a violation took place: instead, the responsibility lies in reporting the objective behaviour.

iii. Intentionally Filing a False Allegation

An allegation is false if the events Reported did not occur, and the person making the Report knows the events did not occur

A false allegation is different from an unsubstantiated allegation; an unsubstantiated allegation means there is insufficient supporting evidence to determine whether an allegation is true or false. Absent demonstrable bad faith, an unsubstantiated allegation alone is not grounds for a violation

- 6. Minor** – Any Individual who is under the age of 18 at the time and in the jurisdiction where the alleged Maltreatment has occurred. Adults are responsible for knowing the age of a Minor.
- 7. Neglect** – Any pattern or a single serious incident of lack of reasonable care, inattention to a Individual’s needs, nurturing or well-being, or omissions in care. Neglect is determined by the objective behaviour but the behaviour must be evaluated with consideration given to the Individual’s needs and requirements, not whether harm is intended or results from the behaviour. (Neglect is also a prohibited behaviour listed under the definition of Maltreatment)
- 8. Physical Maltreatment** – Any pattern or a single serious incident of deliberate conduct that has the potential to be harmful to the physical well-being of the Individual. Physical Maltreatment includes, without limitation, contact or non-contact infliction of physical harm. Physical Maltreatment is determined by the objective behaviour, not whether harm is intended or results from the behaviour. (Physical Maltreatment is also a prohibited behaviour listed under the definition of Maltreatment)
- 9. Power Imbalance** – A Power Imbalance may exist where, based on the totality of the circumstances, a Individual has supervisory, evaluative, a duty of care, or other authority over another Individual. A Power Imbalance may also exist between an Athlete and other adults involved in sport in positions such as high-performance directors, sport specific health-care providers, sport science support staff, care or support persons, guides or pilots. Maltreatment occurs when this power is misused. Once a coach-Athlete relationship is established, a Power Imbalance is presumed to exist throughout the coach-Athlete relationship, regardless of age, and is presumed to continue for Minor Athletes after the coach-Athlete relationship terminates or until the Athlete reaches 25 years of age. A Power Imbalance may exist, but is not presumed, where an intimate relationship existed before the sport relationship commenced (e.g., a relationship between two spouses or life partners, or a sexual relationship between consenting adults that preceded the sport relationship).
- 10. Psychological Maltreatment** – Any pattern or a single serious incident of deliberate conduct that has the potential to be harmful to the psychological well-being of the Individual. Psychological Maltreatment includes, without limitation, verbal conduct, non-assaultive physical conduct, and conduct that denies attention or support. Psychological Maltreatment is determined by the objective behaviour, not whether harm is intended or results from the behaviour. (Psychological Maltreatment is also a prohibited behaviour listed under the definition of Maltreatment)
- 11. Reporting (or Report)** – The provision of information in writing by any person or a Individual to a relevant independent authority (the independent person or position, such as a Case Manager, charged with receiving a report and determining next steps) regarding Maltreatment. Reporting may occur through either: (i) the Complainant (of any age) or the one who experienced the Maltreatment, or (ii) a witness –

someone who witnessed the Maltreatment or otherwise knows or suspects Maltreatment. In either case, the intention of Reporting is to initiate an independent investigative process, which could result in disciplinary action being taken against the Respondent

12. Sexual Maltreatment

Involving a Child: Any form of adult/child sexualized interaction constitutes child sexual abuse.

Sexual abuse of a child may occur through behaviours that do or do not involve actual physical contact. (Sexual Maltreatment is also a prohibited behaviour listed under the definition of Maltreatment)

Involving a person over the Age of Majority: Any sexual act, whether physical or psychological in nature, that is committed, threatened, or attempted against a Individual without the Individual's Consent. It includes any act targeting a Individual's sexuality, gender identity or expression, that is committed, threatened or attempted against a Individual without that Individual's Consent, and includes but is not limited to, the Criminal Code Offences of sexual assault, sexual exploitation, sexual interference, invitation to sexual touching, indecent exposure, voyeurism and non-consensual distribution of sexual/intimate images. Sexual Maltreatment also includes sexual harassment and stalking, cyber harassment, and cyber stalking of a sexual nature. Sexual Maltreatment can take place through any form or means of communication (e.g. online, social media, verbal, written, visual, hazing, or through a third party). (Sexual Maltreatment is also a prohibited behaviour listed under the definition of Maltreatment)
